**Action Plan of Health Department Punjab for Pollution in river
Satluj & Beas.**

As per National Green Tribunal (NGT) guidelines, Punjab Health Department has conducted door to door health survey of catchment areas of river Satluj, Beas and areas around Budha Nala, Ludhiana. The report has been submitted to Central Pollution Control Board & Punjab Pollution Control Board.

Similar survey of areas around East Bein, West Bein, Garha Drain and Kala Singha Drain is in process by the concerned district health authorities.
