

About iHRMS Annual Confidential/Performance Report Module

The Perorma for group A, B and C Level Officers and Officers whose 30% Assessment is by the respective Deputy Commissioners are fitted in the software. The sample performas for these two types of officials are also made available on the home page of iHRMS website.

In case department finds that same performas are used and suitable for their department, they may start the implementation as training is already imparted online. In case of any doubt on implementation, they may see different videos available on iHRMS YouTube Channel. However, we may impart another session of online training in the near future.

In case, there are minor variations in the performas fixed in the software vis a-vis what is being used, they may print the sample performas from the site and make changes in the form and send us for our consideration. Upon assessment of the change requirement we may suggest the next course of action to be taken.
